## TOWN JOURNAL

In 1966 the drought was less severe than in the last several years but precipitation was still considerably below normal.

On May 30 the town observed its 175th anniversary with an "Old Home Day" type of celebration combined with Memorial Day ceremonies. About 150 former residents and townspeople enjoyed a picnic lunch on the common at noon. A representation from the combined Posts of the Antrim American Legion and the Bennington Veterans of Foreign Wars, accompanied by a District Color Guard, held memorial rites at World War II Memorial at Otter Lake and at Greenvale Cemetery. A parade, led by Representative Donald C. Davis, was made up of these same units plus Boy Scout and Girl Scout organizations and the Antrim High School Band. The parade marched through the village and held memorial rites at the village cemetery and at World War I Memorial at the library. Here the School children also had appropriate exercises. Later in the afternoon, in the church, Rev. Mr. Frank W. Sherman acted as master of ceremonies for a hymn sing and a program of folk songs and organ music. A tea in the town hall, arranged by the Woman's Club, concluded the day's festivities.

The July fourth Whing Ding was again sponsored by the Recreation Committee. Activities began on Saturday evening, July 3, with a dance and the crowning of the queen. The celebration reopened on Monday, the fifth, with a midway on the common, a chicken barbecue at noon, the parade of about 30 units and a muster made up of seven competing teams of the Cheshire County Motorized Firemen. The Lafayette Artillery Company from Lyndeboro was in attendance and demonstrated loading and firing their Revolutionary brass cannon. The spectacular this year was the parachute landing of two sky divers, on target, in the field next to the library. Later events were a country auction, a supper, a rock and roll dance, a raffle and fire works. Attendance was estimated at least 5,000, the largest at any of the Whing Ding celebrations. \$960.00 was realized.

The Recreation Committee continued its program as of the last several years. The beach at Sunset Lake, the ball field and the playground area were maintained. Work on the tennis court was nearly completed. This area was flooded and used for skating in the winter. The usual activities for children and young people were continued: the Halloween and the Christmas parties; the talent show; bowling trips to Peterborough in winter and the school outings for each of the three rooms at the end of the school year. There were 140 town children, from infants through the sixth grade, to receive Christmas gifts this year.

At a special town meeting on July 14, it was voted to restrict use of the town beach at Sunset Lake to residents and their guests only. The sidewalk was resurfaced from a point opposite the Greenfield Industries on Slip Road to beyond the entrance to the library on Forest Road. The town hall, the adjoining kitchen and the vestibule were painted. Painting of the walls and floor of the lower hall was completed by volunteer labor.

An electric standby generating plant was installed at the fire house. A water supply was brought to the building and a septic tank was installed. The fire alarm system was changed to the new Mutual Aid Tone System. Two hundred feet of two-and-one-half-inch hose was purchased.

Membership in a proposed co-operative school in the Wilton area was rejected. A study is now being made of participation in a proposed co-operative school in the Peterborough area. \$1,000.00 in federal funds was accepted for the purchase of audio-visual equipment at the school. Through the generosity of Camp Union, grades five and six spent a week at Camp Union Conservation School at a nominal fee. The lower grades spent a spring and a fall day there as guests of Camp Union.

Camp Union, as in previous years, offered free swimming lessons in summer to resident children.

Operation Headstart conducted a six-week summer session in our school building with four teachers and about thirty children from several towns in attendance.

The Parent Teachers' Club sponsored a dental clinic, paid part of the expenses of the fifth and sixth grades to Camp Union Conservation School and provided gifts for the children graduating from our school to Junior High.

Stephenson Memorial Library was granted \$100.00 in State Aid for children's books and \$100.00 for reference books.

The large maple tree at the library entrance was so badly decayed that it had to be cut down. The Woman's Club had the stump removed and planted a 24-foot red maple nearby on the library lot. The Woman's Club also had iron hand rails installed at the library entrance and purchased a small electric stove for use in the upper town hall kitchen.

The Grange, Sportsman's Club, Woman's Club and Women's Fellowship joined in buying additional equipment and dishes for the lower hall kitchen.

Frank W. Sherman, who has served as the minister since 1963, was ordained and installed in the Union Congregational Church here.

The State Park was again a popular camping and recreational attraction. Average Sunday attendance, at the day-use beach and picnic area alone, was 2400 during the summer. At the campers' beach, a second parking lot was built to accommodate about 55 cars.

At Crotched Mountain Rehabilitation Center, a Department of Vocational Rehabilitation Services was established.

Leonard N. Hodgman received a Bachelor Science degree from Middlebury College. Frank W. Sherman received a Bachelor of Divinity degree from Hartford Theological Seminary Foundation.

Randall Cowles, Bruce Gagnon and James Sullivan enlisted in the U. S. Navy.

Joan Belmore joined the Peace Corps.

The following organizations were active during the year: Boy Scouts, Girl Scouts, Cub Scouts, Brownies, Camera Club, Couples Club, 4-H Clubs, Grange, Greenfield Improvement Association, Greenfield Woman's Club, Monadnock Community Hospital Aid, Parent-Teachers' Club, Sportsman's Club, Stitch and Chatter, Teen Canteen, Women's Fellowship, Union Congregational Church.

New houses were built by Maurice Belmore, John Elberfeld, David Houston, Lucian Hulslander, Paul Powell, Raymond Wamboldt and James Young. A large dairy barn was built by Saxton Fletcher.

Wells were drilled for the following: Raymond B. Anderson, Jr. to a depth of 165 feet; Maurice Belmore, 180 feet; Stanley Boyman, 114 feet; Lloyd R. Cochran, Jr., 178 feet; Philip E. Magoon, Jr., 250 feet; Frank G. Muzzey, 200 feet; Wendell B. Rich, 250 feet.

The following real estate transfers included dwellings: Edward Beyer Estate to Royal Burnham; Bernard and Mary Doucette to Harvey L. Paige; Lloyd R. Cochran to Lloyd R. Cochran, Jr.; Janice Hayes to Doris E. Hopkins; Clarence J. and Marion Le Blanc to Albert R. and Beverly Wakeman; Robert J. Murray to Robert E. and Priscilla Ayers; Olive M. Parker to Oscar, Albert and Oscar L. Annis, Jr.; F. Daniel and Muriel Paro to Ernest and Lois Loomis; Peterborough Savings Bank to Joseph A. and Shirley La Point; Wendell B. Rich to Lloyd and Gladys Tewksbury; John R. Rideout to Magnum Realty Company, Inc.; Robert Thomas, Jr. to Perry E. Joslin.

# ANNUAL REPORT OF THE TOWN TREASURER GREENFIELD, N. H., DECEMBER 31, 1966

To the residents and taxpayers of Greenfield, New Hampshire, I respectfully submit my second annual report as your Town Treasurer:

During the year 1966 I have endeavored to perform the duties of the office to the best of my abilities and have continued to accept the incumbent liabilities until such time as a successor may be chosen and qualified.

There follows a statement of receipts and expenses by months for the year 1966 and a comparison of the annual figures for 1966 vs. 1965.

The amounts in item A as listed were received on February 6, 1966, too late to be included in the 1965 report, as noted on page 40 of last year's Town Report. Therefore they must be included in the Treasurer's accounts for 1966 even though applicable to the year 1965.

## Statement of Receipts and Expenses by Months:

## HIGHWAY AGENT'S REPORT

In submitting the report below, I would like, first of all to thank the Townspeople and all those who in any way worked for me and in so doing, made my work more pleasant.

The men working on the snowplows and I wish to extend our thanks for the many cups of coffee and refreshments offered us even at late hours. It has been greatly appreciated.

All roads in town were dragged and graveled many times; where necessary all roads were raked during the season. Ditches were cleaned, culverts dug out and some replaced. Many stones were removed from the traveled parts, and more of this must be done. Oil and calcium chloride was applied on all roads where there was a dust problem.

This past year Duncan Monies were combined with summer maintenance funds and expended on the East road and the road leading past Floyd Cornwells to the Gulf road. All roads were plowed and sanded this winter, also the parking lots cleaned, church yard and center of town were kept clean

## HIGHWAY AGENT'S REPORT

salted and sanded. I wish to thank all who were inconvenienced with our parking regulations. They are necessary. Please bear in mind that due to the increase in traffic and lower and faster cars maintaining roads is becoming more and more difficult and more requests are placed on the road agent.

I am sorry that at last year's meeting the request for a loader was turned down. I still feel that it is a piece of equipment the town cannot be without regardless of who is road agent. I make this statement with all due respect and thanks to the persons who have accommodated me this past year.

The tarred roads are still in poor condition, I feel again that special money should be raised to reseal another road this year.

Last year I recommended that the New Boston road should be tarred. I still feel that this is one of the most heavily traveled roads in town. I would like to see this road finished this year with T.R.A. monies; this could be done and still have monies available to be used on other roads. The final decisions on the use of the T.R.A. monies is decided to the best of my knowledge by the Selectmen in cooperation with a State Man.

I repeat again that no money is raised for the care of buildings, grounds, equipment, fuel, electricity and phone calls. All monies spent for the forementioned must come out of the highway funds which are too little to begin with. Our buildings, machinery, trucks, etc. must be taken care of and the cost for same should not come from our highway funds.

As I have previously stated we have had to repair and make passable the road leading from Floyd Cornwells to the Gulf road. To my knowledge this road has never been used in the winter. There are three school children living on this road. We have no choice but to get them to school. Many loads of gravel have been put on this road and charged to summer maintenance, many hours of labor have been expended plus the use of the grader on this road. If this road is to be kept in permanent use a special fund will be required to take care of the problem.

I regret that I must show an overdraft on my summer roads. The Selectmen have been understanding in this situation, but with the appropriations and requests from taxpayers the work expected from this department and the amount raised for same is ridiculous.

This past year I have worked on summer maintenance 75% of the time by myself. This in part was caused by insufficient funds and too low an hourly rate for a helper. I hope this situation will be taken care of this year. At present the road agent is paid \$1.76 per hour, no benefits of any kind, no

## HIGHWAY AGENT'S REPORT

overtime, and is expected to be on duty 24 hours a day. His helper is paid \$1.50 an hour, put both figures together for 40 hours a week which is low and you come up with salaries amounting to \$6,780 more or less and this does not include cost of running equipment, rent of equipment, materials and cost of repairs.

I do not wish to sound critical, I would like to see all roads in beautiful condition and whether it be myself or someone else as road agent I think my criticisms are justified.

Respectfully submitted,

AIME D. METIVIER

Highway Agent

## 1966 REPORT OF OVERSEER OF PUBLIC WELFARE

Although no direct aid was given to any family in Greenfield during this year, no one requiring help was left unaided.

Five families including 38 persons were helped, through the intercession of this office, by the County and State Welfare agencies; the Gipson Fund; Crotched Mt. Rehabilitation Center; the Cancer Association of N. H.; the Salvation Army; and the pastors of the Union Congregational Church and St. Patrick's Church; and the Women's Guilds of these two churches.

The expenses for the office includes \$6.65 for telephone calls to Milford and Concord.

## REPORT OF GREENFIELD FIRE DEPARTMENT

### DESCRIPTION OF 1966 FIRE CALLS

#### 2 Mutual Aid Calls

Stand by in Antrim

Francestown—Ernest Foote House

1 Bottled gas fire—MacDuffie

4 Chimney fires

2 Brush fires

1 Rescue truck call

1 Resuscitator call

NO House fires

### IMPROVEMENTS TO THE FIRE DEPARTMENT

Town water in the fire station.

New call system by radio other than red phone.

Another tank truck under completion.

Generator added to department.

200 feet new 2½ in. fire hose.

The activities carried on by the fire chief, other than the fire department work, were inspection of all newly installed oil burners, inspection of all town buildings, attended monthly meetings of Forest Fire Wardens Association, am a member of Special Deputy's of N. H. and attended monthly meetings and all training sessions, and attended all town fire drills.

This is my final report as Fire Chief of the Town of Greenfield. My thanks to the firemen and the citizens of Greenfield.

Respectfully submitted,

ROBERT D. ATKINSON

Fire Chief

## FIRE RECORD

Fire records are made by people—those who cause fires and those who control them. Your forest fire warden, deputy wardens, fire chief and firemen have, in spite of a prolonged drought, made one of the best fire control records in recent years. Despite a very dry spring, we in New Hampshire working together, have substantially reduced our fire incidence (885 in 1965 to 595 in 1966.)

This enviable record is largely due to two factors:

1. A closely coordinated and integrated state-town organization jointly carrying out programs of forest fire prevention, training and suppression with dedicated personnel.
2. Your appreciation of our forest fire control program and your individual effort in practicing fire prevention.

Statistics show, however, there is room for improvement. Major problems are still with us; (1) the careless disposal of cigarettes; (2) the householder's carelessness in burning rubbish; (3) the failure of woodlot owners and contractors to completely extinguish their brush burning fires; (4) failure to extinguish camp fires; (5) unsupervised children playing with matches.

New Hampshire has 4,339,000 acres of woodland to be protected. In 1966 we experienced 595 forest fires on this area and restricted acreage burned to 395 acres . . . a fine testimonial to the efficiency and dedication of the men who make up our forest fire control organization.

1. If you must burn you will need a permit. Permits are not issued between 9:00 A. M. and 5:00 P. M. except on rainy days. Permits are not needed when the ground is covered with snow. To minimize risk the best way to dispose of rubbish is at your authorized town or municipal dumping area.

2. Be sure all discarded smoking material is out.

3. Don't leave a live camp or cooking fire.

4. Most important—instruct your children that matches are not play things.

TRULY—ONLY YOU CAN PREVENT FOREST FIRES

RICHARD GOODWIN

Forest Fire Warden

WINTHROP H. HANNAFORD

District Fire Chief

## RECREATION COMMITTEE REPORT

We had our usual busy year sponsoring the Little League, Boy and Girl Scouts, Day Trip for Elementary children at the end of the year, Annual Halloween and Christmas Parties and Bowling League with the awarding of trophies for those in recognition of their attendance and work.

We had talent from all the surrounding areas for the Talent Show headed by Mrs. Frances Russell and her committee.

Ralph Russell headed the annual 1966 Whing Ding with the help of F. Daniel Paro. Activities included 2 dances with the picking of the Queen, Midway with concessions, Auction, an Old-Fashioned Country Supper. Our parade had "Holidays" for a theme. There was a large turnout for the Firemen's Muster and also for the 2 Parachute Jumpers from Orange, Mass. Our Fireworks display ended the celebration.

We want to thank all the people who have given of their time and effort to keep our organization in operation.

Respectfully submitted,  
BABETTE A. MERCHANT, Secretary

## REPORT ON YOUR MONADNOCK REGION ASSOCIATION

### TO THE TOWN OF GREENFIELD

The stated aims of your Monadnock Region Association, now in its 34th year of existence, are as follows: To help the Monadnock Region remain beautiful, to promote worthwhile organizations, to increase the prosperity of its inhabitants, to encourage the development of parks and recreation facilities, and to be of service to all who live, work or visit here.

During the past year your Association has sponsored 4-H activities, Boy Scouts, Boys' State, forestry betterment, Philharmonic Concerts and ham radio groups. We have given slide lectures, talks on Parliamentary procedure, and duties of Town Officers. In cooperation with the National Society we sponsored

the First Covered Bridge Festival to be held in New England. We have attended public hearings whenever the interests of the Region or any Town were at stake.

We continue to work for roadside beautification, conservation of resources, and protection of wild life. We publicize historic sites, points of interest and natural attractions. In various ways we have contributed to the development of the Region along cultural and educational lines to the end that such advantages are apparent and a factor in inducing desirable and valuable people to locate in the Monadnock Region.

Your Region Association will tackle any problem advancing the livability of the area of the Monadnocks for natives, visitors or new residents.

## SUPERINTENDENT'S REPORT

To the School Board and citizens of Greenfield, I respectfully submit my ninth annual report as your Superintendent of Schools.

### STAFF AND INSTRUCTION

Very fortunately, only one change in staff was necessary in the Greenfield School this year. Mr. Bob Rogers of Lyndeborough, New Hampshire was hired as Principal and teacher of grades five and six, replacing Mr. James Holmes. Mr. Rogers has had elementary teaching experience within the Supervisory Union and recently received his Master's Degree in Elementary Guidance at the University of New Hampshire.

The School Lunch Program which experienced some staffing difficulties last year was fortunate in being able to hire the Services of Mrs. Ellen Robertson of Hancock, New Hampshire to run the School Lunch Program and Mrs. Eva Gagnon, School Board Member, agreed to handle the books. The Lunch Program has been experiencing some difficulty in making ends meet financially because of the limited number of children participating in the program. With the coming of the winter months, it is hoped that enrollment will increase to the point where the program can stay out of the "red."

The Lunch Program was originally developed as an added school service to insure a well balanced hot meal for children at reasonable cost, but if greater support is not shown, the School Board and the community will have to take a hard look at the program to see if the costs to the district are justifiable. The closing of the program, if this is deemed necessary, would certainly be a move which would be contrary to the best interests of a number of children of the community who need this kind of service.

Now that schools are in satisfactory operation, time has dimmed the anguish that this superintendent and many other superintendents in the state experienced in finding teachers for the current school year. This year the teacher shortage was even more severe than in any year in the past and it can be expected that the situation is going to become more of a problem with each coming year. This is not a situation which is peculiar to the State of New Hampshire, but is a nation-wide problem.

There are several reasons for the unusual teacher shortage:

First, increased elementary and secondary enrollments; second, new educational programs stimulated by Federal financial assistance and local interest that have drawn off a number of teachers; third, migration of teachers to higher salaried positions in industry and also to other nearby states; and fourth, the inability of our State educational training institutions to accept all those who are interested in going into

teaching because of a lack of sufficient facilities. These situations are **not** going to be immediately resolved.

Greenfield was quite fortunate in having a full complement of teachers, as were all the other towns in the Supervisory Union, since a report issued by the State Department of Education indicated that as of August 30, 1966, just prior to the opening of school, there were still **158 classrooms that had no teachers**. 96 of these vacancies were in the elementary school, 44 in the secondary school and 18 in special classes.

The simplest way to solve this problem is to use every means available to the local district to encourage the present staff to stay in their positions and continue as teachers in the Greenfield School. One of the best ways of doing this is to try to insure that there will not be a migration into other communities by providing salaries which meet the competition in the area. Within the budget presented to the district this year, fair salary increases are being requested to meet this need.

## BUILDING AND GROUNDS

Considering the age and structure of the building, it is fair to say that the school is in good condition and is as well adapted to meeting the educational needs of children as can be expected.

A small bit of construction is being recommended within the building to provide a space for physical examinations to be made by the doctor with some semblance of privacy, and to also use this same space for small group instruction.

A definite policy should be established by representatives of the town and the school district to determine exactly where responsibility for the maintenance and care of the tennis court, skating rink area and Little League ballfield lies. This responsibility seems to be a "No Man's Land," where neither group, town or school, is sure who is charged to do the job. It is recommended that these two groups establish responsibility for the entire calendar year. As long as the present situation continues, these excellent facilities will deteriorate because of a lack of proper care.

## FINANCE

There are several areas in the budget where major increases are being recommended to the district. The matter of Teachers' Salaries has already been referred to and an increase of approximately \$1400 is a **MUST** if the present staff can hopefully be expected to return another year. The increase of \$200 in Custodian's salary is not as it appears since the Board has included within this salary, responsibilities that originally were assigned under Item No. 790 and paid to the custodian. Under Item No. 630, a major part of the increase lies with the use of Wakk Off Rugs at entrances to the school to prevent the tracking in of salt, grit and grime. These rugs give the floor more adequate protection than ever has been possible before. Under the No.

900 Series, an increase of \$200 in district money is allocated the Noon Lunch Program to provide support in case this need should develop in the coming year. The primary increase in the budget takes place in Item No. 1477.1, Tuitions, where an increased enrollment at the high school level and increased costs at the Peterborough School, namely \$726 per high school pupil and \$520 per junior high school pupil, results in a net increase of approximately \$9,000. Under No. 1477.3, the costs for the Supervisory Union expenses increase by a little over \$300 to provide for a more adequate superintendent's salary and additional salary and equipment for the Supervisory Union office. These increases, together with other minor increases and decreases, result in a Total Appropriation to meet the School Board's Budget of \$78,178., an increase of about \$11,000 over that requested for the operation of the school this year.

On the Income side of the ledger, very modest receipts are expected for the year 1967-68. It is not expected that any balance will exist since our usual source of a balance, namely, Tuitions, actually at this time shows a possible deficit of almost \$2,000. The Total Income estimated is \$4,200, resulting in a Net Assessment for school purposes of almost \$74,000. When this figure is compared with the assessment of the current school year, a very marked increase is shown, almost \$20,000. It must be remembered, however, that in the current school year; '66-67, almost \$9,000 was on hand from the '65-66 Budget to reduce the assessment for the operation of the schools. We cannot anticipate a balance such as this for the proposed budget and, therefore, the assessment is increased by these two factors . . . increased budget costs of about \$11,000, and a decrease in income of about \$9,000, resulting in the \$20,000 difference.

### COOPERATIVE SCHOOL STUDY

By the time action is taken on the proposed budget, a determination will have been made as to the organizational structure within which the town of Greenfield will be operating as of July 1968. It seems that this Con-Val Co-op will come into being in some form, and thus Greenfield will have taken one additional step towards a better educational offering for its children. The more centralized administrative organization is better suited to meet educational needs and has the tax base to easily provide necessary funds. Greenfield should be thankful for committee member citizens who devoted much time and effort to this landmark reorganization plan. Greenfield will be a better town to live in because of their efforts and the resultant reorganization.

### CONCLUSION

I want to compliment teachers of the Greenfield School for the excellent job that they have been doing this year in meeting the needs of their children. Their efforts have been comple-

mented by the efforts of the Noon Lunch Operator and the custodian to provide a school program and atmosphere which insures good education for Greenfield children.

The local school board has been most understanding of school problems and worked hard to solve them. Transportation problems have plagued us all year and Board members have spent much time in unsnarling the knots.

Certainly a school can be no better than the community that it serves, and the Greenfield School has been successful through community interest and spirit of helpfulness.

Respectfully submitted,

KENNETH A. SARGENT  
Superintendent of Schools

## SCHOOL NURSE REPORT

To the Superintendent of Schools and the Board of Education:

The following is a summary of the Health work completed by the School Nurse in the Greenfield School from September 1965 to June 1966:

Number of Visits	22
Inspections	410
Students Weighed (each month)	432
Students Measured (each month)	200
Vision Tests	60
Hearing Tests	60
Home Visits	14
First Aid	17

Physical examinations by the School Doctor showed the following defects:

T & A	2
Teeth	15
Underweight	1
Overweight	4
Speech	1

Defects found by the School Nurse:

Hearing	2
Teeth	1
Vision	9

There were three cases of Whooping Cough.

### SPECIAL HEALTH ACTIVITIES

Dr. Weathers had two Dental Clinics. Six children attended. This was sponsored by the Parent Teachers Club.

The State Department of Health held three Immunization Clinics (March, April, and May) for all school children and pre-schoolers. Vaccinations, Measle vaccine, and DPT & DPT boosters.

Also Sabin Polio vaccine and boosters were offered.

The pre-school clinic was held in May.

I wish to thank all concerned for the cooperation given me in regards to the Health Program in the school.

Respectfully submitted,  
ANNA L. SAMPSON, R.N.  
School Nurse
